Why do you want to become a New Mexico Gunfighter?

Firearms experience:

NEW MEXICO GUNFIGHTERS ASSOCIATION

New Membership Application

2008

Membership in the New Mexico Gunfighters Association is an approximate ten (10) week process. During the first four (4) weeks you will not be allowed to use any ammunition in your firearm. During the membership process, any safety violation with regard to firearm use will result in immediate termination. Any unnecessary use of force during stunt fights that result in injury to another person will result in review by the board.

This is an expensive hobby. It is not recommended that the applicant immediately spend a fortune obtaining weapons and period clothing. However, by the end of ten (10) weeks, the applicant should have obtained basic period-accurate weapon(s) and clothing.

As a member of the New Mexico Gunfighters Association, you and your “character” become an integral part of the group. As such, your presence is required and expected at each performance. If you cannot attend a performance, you must notify your mentor and/or an officer in advance so shows can be adjusted around your absence.

If accepted as a member, a \$40 membership fee is due. This covers annual membership dues of \$20, initiation fee and the New Mexico Gunfighters Association badge. Annual dues of \$20 will be collected at the first show of the season.

Contact info: For additional information about becoming a New Mexico Gunfighter, contact us at info@nmgunfighters.com or call (505) 843-6642.

I have read the above and release the New Mexico Gunfighters Association from any and all responsibility relating to accident or injury due to personal negligence or other action occurring during this group-related activity.
